

VNA & Hospice **FACT SHEET**

OUR MISSION All Care is committed to providing the highest quality, cost-effective health care with a comprehensive, multi-disciplinary continuum of community and home care services.

Who We Are

For over 100 years All Care has been expanding programs and services to meet the changing needs of the patients we serve. All Care's dedicated healthcare professionals and caring staff provide the highest quality, compassionate services to patients and families in the 65 communities they serve.

All Care specializes in providing a full continuum of in-home services through its VNA, Hospice and Private Care Services which supports independence, safety and caring. From nursing and rehabilitation therapy to palliative and hospice care to private services we offer solutions, resources and assistance to each patient and family ensuring quality of life at every phase of need.

Services Provided

Visiting Nurse Association

2020 Patients Served: **5,046** | Total Visits: **92,880**

All Care VNA offers a wide range of nursing and therapy services that meet the needs of all of our patients, allowing them to return home from the hospital earlier and remain in their homes longer.

Hospice

2020 Patients Served: **542** | Patients Days: **44,530**

All Care Hospice is about living life to the fullest, everyday in comfort. The goal of hospice care is to enhance the quality of a person's life, while optimizing the time spent with family and friends.

Private Home Care

2020 Patients Served: **1,755** | Service Hours: **257,644**

At All Care Resources, our mission is to set the standard for quality Home Care Services. If you or a loved one are recovering from an illness, have special needs, or just want help with the activities of daily living, we can accommodate your short or long-term needs.

Palliative Care

2020 Patients Served: **365** | Total Visits: **1,458**

All Care's Palliative Care Program aims to provide patients with specialized care in their home, improve quality of life, and reduce hospitalizations, as well as communicate and coordinate care with other members of the patient's health care team. We focus on the physical, emotional and spiritual well-being of the patient and family as they navigate the stresses of their disease process.

Adult Foster Care

2020 Patients Served: **88** | Patient Days: **25,050**

All Care's Adult Foster Care Program (AFC) allows individuals, who are unable to remain at home alone due to chronic illness, or physical and/or mental disabilities, to stay in their home or in the home of a loved one in order to maximize their quality of life.

VNA & Hospice **FACT SHEET**

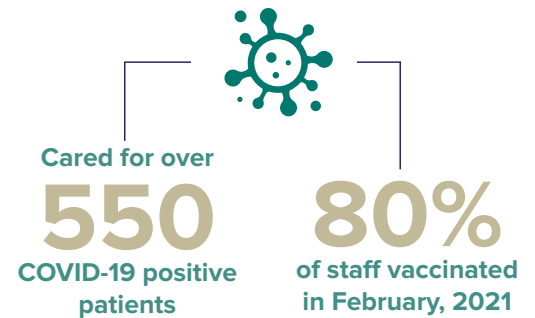

All Care and the Coronavirus

All Care is taking every precaution to keep our patients, their loved ones, and our staff safe.

All Care continues to monitor developments and follow recommendations from the Centers for Disease Control and Prevention, Massachusetts Department of Public Health, and Centers for Medicare and Medicaid Services.

Our staff are knowledgeable in identifying signs of COVID-19 as well as steps to help keep their patients and themselves safe. Among the measures we are taking are:

- Screening patients for COVID-19 before visiting them at home
- Following standard clinical precautions, such as proper hand washing, to prevent the spread of infections
- Wearing surgical masks, protective eyewear and gloves during all direct patient care and using additional personal protective equipment, such as gowns and face shields, when needed
- Providing education to our patients and those living with them about steps they can take to reduce their risk for getting the coronavirus
