All Care Palliative Care offers home based quality care and support to patients and families who are suffering from a serious advanced illness.

Our program's aim is to provide patients with specialized care in their home, improve quality of life, reduce hospitalizations and unnecessary treatments, as well as communicate and coordinate with other members of the patient's health care team. We focus on the physical, emotional, and spiritual well-being of the patient and family as they navigate the stresses of their disease process.

Our services include:

- Individualized focus on pain and symptom management
- Home visits by both RNs and NPs
- 24-hour telephone support to help avoid ER visits and rehospitalizations
- Care coordination with patient's physician
- Goals of Care Conversations
 - Treatment Options
 - Avoiding rehospitalization
 - Prognosis
- Advanced Directive Conversations
 - HCP
 - MOLST
 - DNR/DNI
- Spiritual and emotional support
- Caregiver education
- Transition to hospice care when needed
