

About All Care

Since 1911, All Care has been committed to meeting the changing health care needs of patients throughout the North Shore, Eastern MA, Greater Boston, and Merrimack Valley regions.

By providing high-quality, integrated care, we can serve the specific clinical and social needs of vulnerable individuals, helping them to remain safely and independently in their homes and communities.

All Care, a non-profit organization, is Medicare certified and licensed by the Commonwealth of Massachusetts.

Our Mission

To provide the highest quality, cost-effective health care with a comprehensive, multi-disciplinary continuum of community and home care services.

For **ALL** Your Home Care and Hospice Needs

Thank you so much for taking such wonderful care of my mom and, really, the whole family. You are all truly angels.

Home Health Care

All Care VNA offers a wide range of services to meet the changing needs of our patients. These services allow our patients to return home from the hospital earlier, remain in their homes longer, and helps to prevent re-hospitalizations.

All Care works with the patient, family, and physician to provide a custom-tailored home care treatment plan that is individualized to meet each patient's specific needs and goals. Services include:

- Skilled Nursing
- Physical Therapy
- Occupational Therapy
- Speech Therapy
- Medical Social Work
- Home Health Aide Support

Hospice

Hospice offers specialized care and support to patients and their families who are dealing with a life limiting illness. All Care Hospice is dedicated to enhancing quality of life and bringing emotional peace, physical comfort, and spiritual guidance.

Hospice care is provided wherever the patient calls home and is available 24 hours a day, seven days a week. Services include:

- Skilled nursing and home health aide visits
- Medication for pain and symptom management
- Medical equipment and supplies
- Licensed social workers for support and counseling
- Spiritual care
- Volunteer services
- Bereavement support for the family

Private Care

All Care provides a variety of personalized home care services, from bathing and grooming, to appointment assistance, to skilled nursing care. Care can be short-term, ongoing, or even around-the-clock. The All Care team of caregivers offer flexible in-home services to help our clients remain happy, healthy, and safe in the comfort of their own home, wherever that may be. Many of our clients receive personal care services for several years, while others stay with us for a short time until they recover from an illness or injury.

Private Care services are sometimes covered by long term care insurance or paid for out of pocket. All caregivers are employees of All Care and are supervised by registered nurses.

I would like to thank everyone who was here with me. There are no words to express my feelings. The best care I ever had!
- VNA Patient

My home health aide is very special. She goes out of her way to help me and I am thankful for the care she gives me.
- Private Care Client

Palliative Care

Palliative Care is comprehensive treatment of the pain, symptoms, and stress of advanced, complex illnesses. Those who struggle with pain and symptoms brought on by advanced illness, but who do not qualify for hospice, often benefit from palliative care.

All Care's Palliative Care Program is provided by a team of registered nurses and nurse practitioners who work together with our patients and their doctors to provide an extra layer of support, helping them navigate the stresses of the disease process.

Adult Foster Care

All Care's CARF-accredited Adult Foster Care Program supports caregivers and the older adults and individuals with disabilities who rely on them and is an alternative to nursing home or assisted living placement. In-home family caregivers provide meals, companionship, personal care assistance, and 24-hour supervision to program participants. Caregivers receive a tax-free stipend.

The Program provides monthly nursing and care manager visits where both client and caregiver receive the support and resources they need to share a safe, happy, fulfilling life.
